## **Planning proposal 22/1145/FUL**

Dear Sir

~~As an old age pensioner with a health condition incorporating limited mobility~~ I am objecting to the Haven Banks redevelopment as

1. There is going to be too much noise and light pollution such as car doors slamming, radios blaring and other loud music.
2. More carbon emissions nearby from domestic heating.
3. Proposed building is too high and will overlook existing gardens with a loss of privacy.

Yours faithfully

Karen Rendall
